Piplaj, Gandhinagar Gujarat (382610) | +91-9825464384 | rk.tyagi@cissindia.co.in

Introduction To Security

Session Objectives

By the end of this session trainees will be able to :-

- ✓ Assimilate the scope of security.
- ✓ Understand the roles of Govt and Private Securities agencies.
- ✓ Understand role and function of civil defence.
- ✓ Recognise Rank Badges.

What is Security?

“A condition of being protected from harm, injury, danger, losses, criminals, threats, risk, etc.”

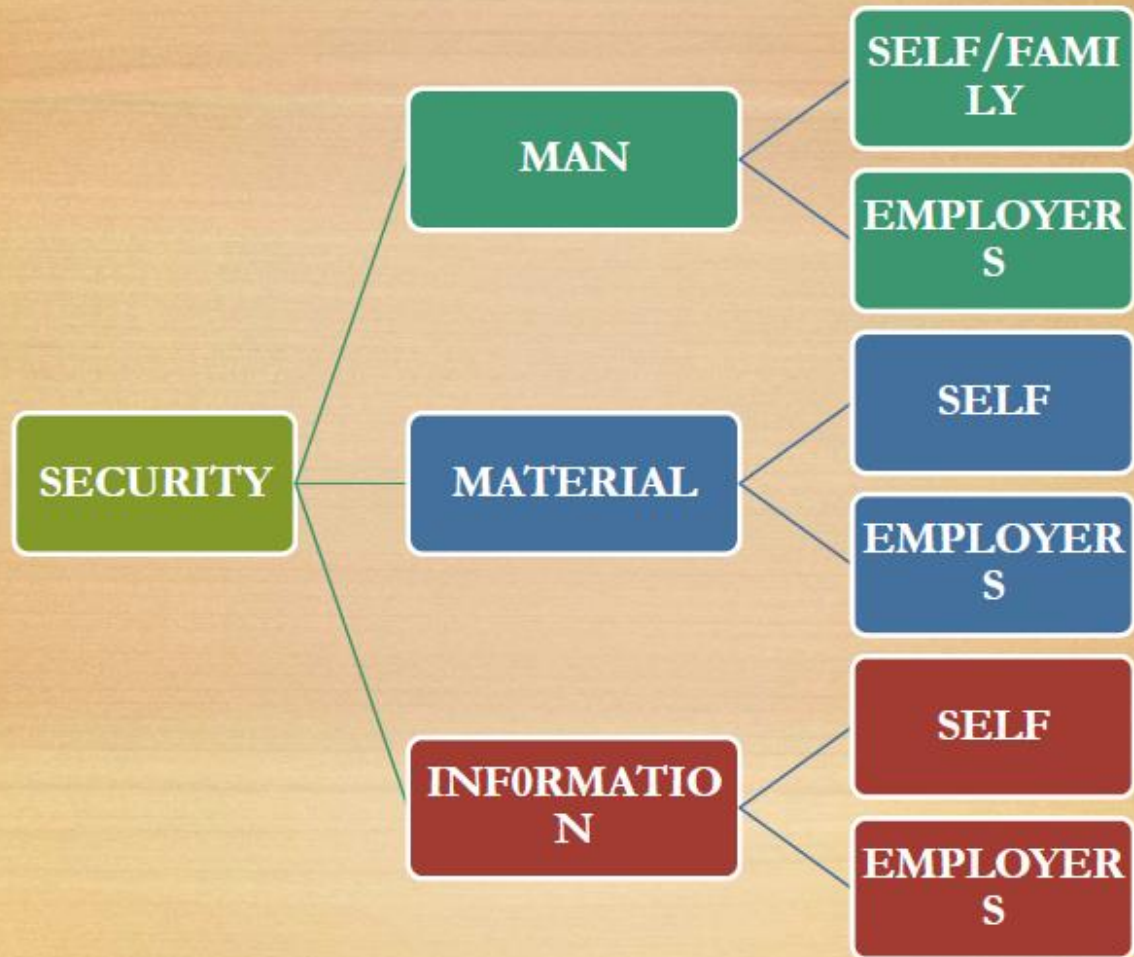

Historical Perspective

From the earliest times human beings have recognized the need to protect themselves, their family and their property:

- By forming small groups and living together
- By maintaining order
- By recognizing the threats
- By raising armies and their deployment in territorial boundaries

What needs to be Secured?

Pillars of Security

3 Ps of Security

- ✓ Protection of people.
- ✓ Protection of material and installations.
- ✓ Protection of information.

Protection of People

- ✓ Protection of life is the biggest and most important duty of any organization.
- ✓ Protection of people is done by ensuring and exercising checks and control and adherence to process and procedures.

Protection of material and installations

- ✓ Protection of material against theft and pilferages.
- ✓ Ensuring that material going out of the premises have authorization.
- ✓ Protection of installations against sabotage and vandalism.
- ✓ Ensuring no unauthorized person gains entry into the premises.

Protection of Information

- ✓ Protection and safe custody of information sources such as electronic devices/computer, documents, drawings, blue prints, files, maps etc.

Types of Security

Preventive Security

- ✓ Aim of preventive security is to prevent attempted security and safety breaches.
- ✓ Preventive security relies on both human and technological components.
- ✓ It involves collection of information, identification of possible threats, positioning of resources to counter threat.

Types of Security

Protective Security

- ✓ Detect
- ✓ Delay
- ✓ Respond
- ✓ Mitigate or minimize consequences

Types of Security

Detective Security

- ✓ Gathering of information of relevance through intelligence gathering means.
- ✓ Leads to providing early warning and positioning of resources.

Types of Security

Investigative Security

- ✓ Objective is collection of relevant information and ascertaining its veracity.
- ✓ Executed by seeking information, ascertaining facts by corroboration, post incident inspection of premises, examining relevant clues recovered from or beyond crime site.
- ✓ Forensic science critical to investigative security.

Types of Security

Emergency Security Services

- ✓ Either independent units or a part of the regular security teams that support the main security teams in combating crisis and disaster like situations.
- ✓ Disasters, fires and such like incidents calling for additional resources, fire fighting, building evacuation and rendering first aid require their deployment.

Types of Security

Security During Transportation and Movement

- ✓ Escort for men/women
- ✓ Escort for valuable material
- ✓ Cash transfer
